## EXHIBITION

The quickest way to jump into the game. Set up any kind of match you want to play, choose a Superstar and head for the ring!

### SELECT A MATCH-UP

First select a Match-up. Choose from a simple one-on-one Single Match-up to a complete thirty-man *Royal Rumble*®.

#### SINGLE

Two Superstars go head-to-head in a Single Match.

#### TAG

Grab a tag team partner and square off against two other Superstars in a Tag Match.

#### HANDICAP

2-on-1 is the name of the game in a Handicap Match. If you can't handle the heat, try picking a partner to beat down a single opponent.

#### TRIPLE THREAT™

Compete in a 1-on-1-on-1 Triple Threat™ Match! You only have to defeat one opponent to win, but watch your back!

#### FATAL 4 WAY™

Four Superstars compete against each other in a Fatal 4-Way™. Just like in a Triple Threat Match, you only have to defeat one opponent to win.

#### BATTLE ROYAL

In a Battle Royal, four Superstars enter the squared circle to find out who is the best. Defeat all three opponents to be victorious.

### ROYAL RUMBLE®

One of the greatest spectacles ever created, the *Royal Rumble*® consists of up to 30 Superstars competing for bragging rights as the best in World Wrestling Entertainment™! To defeat your opponent, you must send them over the top ropes and out of the ring!

**Note:** After choosing a Battle Royal or *Royal Rumble*®, you will automatically advance to the Rules Menu and will not be able to select a Match Type.

### SELECT A MATCH TYPE

Now choose a Match Type. The Match Type will set the stage (and the rules) for your Exhibition Match.

#### NORMAL MATCH

Just as the name implies, compete in the squared circle in a Normal Match.

#### HARDCORE MATCH

Grab a weapon and prepare to layeth the SmackDown!™ Anything goes in a Hardcore Match - are you tough enough to defeat your opponents?

#### CAGE MATCH

There's no escape from punishment in the Cage! The only way to win is to climb the ten-foot tall chain link fence out of the ring.

#### HELL IN A CELL™

With an added roof on the cage, climb on top and throw your opponent through the roof! How do you get out of the cage? Irish Whip your opponent through the cage wall!

**Note:** It might take a few attempts to break through the cage wall. Continue to throw your opponent at the same panel to weaken it!

### LADDER MATCH

With a title belt suspended above the ring, knock your opponent senseless to give yourself enough time, then set up a ladder in the ring and climb your way to victory! Grab the belt to win a Ladder Match.

### TABLE MATCH

The only way to defeat your opponent in a Table Match is to knock him out - through a table! After the table is set up, throw your opponent on the table and go for the K.O.

### TLC MATCH™

This match is full of everything EXCEPT tender loving care! In a Tables, Ladders and Chairs Match, use the tables and chairs to pummel your opponent, then set up the ladder to grab the belt high above the ring.

### IRONMAN MATCH™

Pin your opponent as many times as you can in the given time limit for points. The Superstar with the most points at the end of the match wins.

**Note:** The Ironman Match™ is only available in a Singles competition.

### SET THE RULES

Now set the rules and choose an arena for the match.

- **Arena** - Use the L Button and R Button to select an arena.
- **Match Length** - Set a time limit between 5 minutes and 60 minutes, or choose the  $\infty$  symbol for an unlimited amount of time in the ring.

When this meter is green your Superstar is at normal status. As you inflict damage to your opponent this meter increases to red, however as you take damage the meter changes to blue indicating that your Superstar is in danger of being defeated.
